

Super Air Wipe

Blow-off, dry, clean and cool pipe, cable, extruded shapes, hose and wire. Split design requires no threading. Available in aluminium and type 303 stainless steel in diameters from ½" (13mm) through to 11" (279mm). All models use stainless steel shims and screws. Applications: drying after washing, cleaning plating or coating; blow-off dust and contaminants; cool hot extruded shapes; uniformly wipe surfaces; dry extruded profiles, rod and medical tubing; eliminate solution carryover – no cross contamination; blow excess water from automotive door gaskets; remove excess coatings, water and oil; dry tube, hose, wire, fibre optics; minimise solution loss due to drag-out; clean paint gun tips; dry screen printed or ink jetted surfaces; clean strips and ribbon.
